

SELF-PRIMING JET PUMP 1500 W VIBAF1500A

The 1500W self-priming electric pump is designed for clean water intake, lifting and pressurization, suitable for irrigation systems and household water supply. Its cast iron pump body provides durability and stable performance. The self-priming system allows easy start-up even when installed above the water level. The anti-corrosion treatment helps extend service life in outdoor installations.

Key features

- > Suitable for clean water applications
- > Self-priming operation
- > Ideal for irrigation and household supply
- > Durable cast iron construction
- > Reliable continuous operation

Specifications

Anti-rust treatment	Yes
Max. liquid temperature	35° C
Max. manometric height	51 m
Max. particle size	0,2 mm
Maximum flow rate	7800 L/h
Maximum immersion depth	9 m
Pressure	5,1 bar
Sound power level (LWA)	77 dB
Watertightness	IP54
Body	Cast iron
Dimensions	200 x 500 x 245 mm
Product weight	26 Kg
Weight with packaging	28 Kg
Inlet - threaded	1,5"
Outlet - threaded	1"
Packaging dimensions	550 x 250 x 290 mm
Rated power	1500 W
Supply voltage	230 V 50 Hz
