FOOT PUMP

VIBP

The foot pump is designed for inflating tyres, sports balls, inflatables and other equipment requiring compressed air. With a maximum pressure of 5 bar and an air volume of 200 cm³ per stroke, it delivers efficient inflation for a wide range of applications. The built-in pressure gauge allows accurate pressure monitoring during use. Its robust metal construction and non-slip base provide stability and durability for frequent use.

Key features

- **Maximum pressure of 5 bar**
- **200 cm³ air volume**
- **Built-in pressure gauge**
- **Robust metal construction**
- **Non-slip base**
- **Suitable for tyres, balls and inflatables**

Specifications

Maximum pressure	**5 bar**
Volume	**200 cm³**
