

REDEYE

LEVEL WITH LASER POINTER 20MT VINAL20

With a Red Eye laser with class 2 power, this efficient tool is designed to make it easier to make exact markings, whether for everyday or professional work. This level is equipped with a 100 LUX laser line (15mm to 20m) and a width of 100 LUX (3mm to 3m), guaranteeing its visibility even when working in adverse conditions. In addition, the tool stands out for its portability and laser precision, ensuring effective alignment. The level with laser pointer allows you to make markings with ease and versatility.

Key features

- > Two modes of use: Line and dot, which make it practical to use;
- > Levelling accuracy guaranteed by the vials;
- > 360° support that ensures versatility when adjusting;
- > Lightweight and compact design, increasing comfort and allowing you to optimise your work.

Specifications

Autonomy	15h
Battery type	2 x AAA (1,5V)
Dimensions	165 x 60 x 60 mm
Laser accuracy	± 0,5 mm/m
Laser beam diameter	100 LUX, 15mm/20m
Laser line width	100 LUX, 3mm/3m
Laser output power	Classe 2 < 1 mW
Laser wavelength	Linha: 635 nm; Ponto: 650nm
Levelling accuracy	± 1 mm/m
Maximum reach	20 m
Measuring range	0,05 - 20 m
Operating temperature	0 - 40° C
Product weight	181 g
Rated power	3 V (2 X 1,5 V LR03)

Package Contents

2 x alkaline batteries 1.5 V LR03 (AAA)
