

VERTICAL LOG SPLITTER 9 TON VIRLV9

The VITO 9-Ton Vertical Log Splitter combines power and safety in one unit, making it the ideal choice for effortlessly splitting large logs. With an impressive 9-ton splitting force and a 3500W motor, it can handle wood diameters from 8 to 30 cm and a maximum log length of up to 1000 mm, perfect for the largest wood pieces. Designed for use in demanding environments, it features a voltage of 230 V AC and an IP44 rating, providing high resistance to external elements. The additional safety system ensures user protection during operation, while the vertical design enables practical and efficient handling for continuous tasks.

Key features

- > 9-ton splitting force for maximum efficiency
- > 3500W motor for fast and precise cuts
- > Handles log diameters between 8 and 30 cm
- > Maximum cutting length of 1000 mm, ideal for large logs
- > 230 V AC voltage with IP44 rating, durable and safe
- > Equipped with additional user protection

Specifications

Cutting levels	560, 780 , 1000 mm
Dimensions	1100 x 680 x 1500 mm
Lubrication	Oil - ISO VG 22
Maximum cutting diameter	350 mm
Maximum cutting length	1000 mm
Maximum pressure	9 tons
Packaging dimensions	500 x 450 x 990 mm
Product weight	130.5 Kg
Protection class	IP44
Rated power	3500 W
Sound power level (LWA)	85 dB
Splitting cycle	S6 - 40%
Supply voltage	230 V 50 Hz
Temperature	5 - 40 °C
Weight with packaging	132 Kg
