

COMBINED CIRCULAR SAW 1800 W - 250 MM

VISCC18250

The 1800W combined circular saw - 250 mm is engineered to deliver power, accuracy and versatility for professional and advanced DIY applications. Equipped with a high-performance motor and a 250 mm blade, it performs straight and angled cuts with excellent finish quality. A maximum cutting depth of 75 mm makes it suitable for solid wood, panels and beams. The adjustable table allows mitre cuts from -45° to +45°, while the parallel guide ensures accurate rip cuts. The lower blade guard system enhances safety, and the reinforced structure guarantees stability during extended use. Ideal for carpenters, installers, woodworkers and demanding users, this combined saw provides professional-level results as both a table saw and a mitre saw.
